

INSTRUCTOR KITS

The Ocean Reef Instructor Kits have been designed to provide qualified instructors with a complete set up to dive comfortably in an Ocean Reef IDM, and enhance their teaching and guiding activities through the use of state of the art communication units. Each kit includes everything needed to teach divers using verbal communication at a specialty discounted price.

Who Qualifies for the Instructor Kit: The Instructor Kit is available to all active status instructors, in certain territories, in good standing, certified through a recognized training agency, who want to utilize Ocean Reef equipment to make their courses safer and more interesting. Instructors must have certified 20 students in the past 12 months to be eligible or have participated in the Factory Sponsored Course. *Eligibility may be up to OCEAN REEF's decision.*
